Thank you for using Social Security's online services. On December 29, 2015, you successfully created an online account with the Social Security Administration. You can log in any time to www.socialsecurity.gov/myaccount with your username and password to access Social Security's online services.

Please keep your information safe. Do not share your password with anyone.

Important Information

If you did not request an online account with Social Security, please contact us immediately at 1-800-772-1213 or visit your local Social Security office. If you are deaf or hard of hearing, our toll-free TTY number is 1-800-325-0778.

Social Security may use an Identity Services Provider to help verify your identity and protect your privacy when you register to do business with us online. When we verify your account, our Identity Services Provider may use information from your credit report to help confirm your identity. As a result, you may see a "soft inquiry" entry with the Identity Services Provider on your credit report. This entry shows that we made an inquiry at your request, and the date of that request. This soft inquiry will not appear on a credit report from any other provider.

Soft inquiries are not reported to lenders and do not affect your credit score. You do not incur any charges related to them. Soft inquiries appear only on a credit report issued to you and are generally removed from your credit report within 12 months.

Once you have registered for an online account, you will not create new soft inquiries when you log in to access our services.

For more information about our Identity Services Provider, please visit www.socialsecurity.gov/myaccount/verifyandprotectid.html
